

*Carefully*  
SCULPTED IN  
A HOST OF STYLES,  
TO SUIT ANY  
DESIGN THEME.

**Water Pressures**

Make sure you know the water pressure in your bathroom before you choose your tap or shower. They sometimes require higher pressure to operate efficiently.

# TAPS & SHOWERS

20 year  
guarantees unless  
otherwise stated

Look out for the VQ number next to each WRAS approved product. For latest WRAS approved products see our website. (WRAS approvals do not include wastes).

# TAPS & SHOWERS

## BRASSWARE

DISCOVER PRECISION CONTROL WITH OUR INTUITIVE RANGE OF TAPS, SHOWER VALVES AND CO-ORDINATING ACCESSORIES.

### DESIGN FLEXIBILITY

Our Brassware collections incorporate the latest design trends, including industrial and minimalist crosshead and lever designs.

### CO-ORDINATION

All our tap collections are beautifully complemented by a comprehensive range of shower valves, shower heads, arms, kits and accessories, making life simple for you.

### CERAMIC DISCS

All our taps feature Ceramic Disc technology for smooth and consistent operation.

### VALQUEST

We are the proud owners of the unique Valquest showers – the power behind our stunning valves, that perform to the highest industry standards.

Look out for the VQ number next to each associated product.

### MADE IN BRITAIN

For latest WRAS approved products see our website. (WRAS approvals do not include wastes).

VALQUEST

Safety  
Anti Scald

THERE ARE LOTS OF REASONS TO CHOOSE A HUDSON REED THERMOSTATIC SHOWER: SAFETY, CONTEMPORARY DESIGN, CO-ORDINATING TAPS AND MARKET-LEADING GUARANTEES. EVEN BETTER, OUR SHOWER VALVES ARE ALSO GREAT FOR YOUR INSTALLER, MEANING LESS TIME AND THEREFORE LESS COST TO YOU.

## HUDSON REED SHOWER BENEFITS

### Installation Made Easy

A selection of our Thermostatic Shower Valves contain the patented Valquest cartridge, which makes them easy to install and maintain.

- The cartridge is fully reversible, meaning if hot and cold supplies are the wrong way round, it doesn't need re-plumbing. Simply remove the cartridge, turn 180° and replace.
- The patented cartridge is highly resistant to calcium build-up, even in hard water areas.

### Safety For All The Family

- Full thermal protection to prevent scalding even in the event of hot or cold water failure.
- Thermostatic control to +/- 2 degrees, even if the temperature or incoming pressures fluctuate.

### Made in Britain

Our shower valves are manufactured in Bolton by a dedicated team, and we are proud to be members of the Made in Britain scheme.

### Reliability

- Accurate flow control.
- Excellent flow rates - even at low pressure. Hudson Reed showers can deliver 5.5 litres of water per minute at 0.1 bar pressure.

## GUIDES

### Water Pressure

#### Bar

LP1	0.1 Bar Suggested
LP2	0.2 Bar Suggested
MP	0.5 Bar Suggested
HP1	1.0 Bar Suggested
HP2	2.0 Bar Suggested

## SHOWER SYSTEMS EXPLAINED

### Gravity-Fed System

#### Low Pressure

If you have a cold water tank in your loft and hot water cylinder then you have a gravity fed system.

Suitable for all LP1 and LP2 combinations. For all our MP and HP combinations, you may need to use a suitable shower pump to give the required pressure for optimum performance.

### Mains System

#### High Pressure

If you have a combination boiler or instantaneous gas water heater (multipoint heater) then you have a high pressure mains system.

Suitable for all of our shower systems.

### Unvented System

#### High Pressure

If your hot water is stored under pressure in a cylinder you have a high pressure unvented system.

Suitable for all of our shower systems.

### Shower Pumps

#### High Pressure

The valves are also suitable, without modification, for all types of installation, including pumped, gravity systems, mains pressure and combination boilers.

There are many choices of shower pumps, including positive or negative head pumps - please ask your installer to confirm which will be suitable for your specific installation.
