## FURNITURE: MODULAR SPACES

OUR MODULAR FURNITURE GIVES YOU THE FLEXIBILITY TO INDIVIDUALISE YOUR BATHROOM DESIGN BY INTRODUCING FINE STAND-ALONE PIECES TO CREATE PRECISELY THE LOOK YOU WANT.

### BEST OF BRITISH QUALITY

Most of our Modular furniture is made here in Britain. Easily maintained and hard-wearing, all our furniture comes with a five-year guarantee. Soft-close doors and hard-wearing drawers are fitted as standard.

### SUPPLIED RIGID

Quicker and easier to install.

### BRILLIANT DESIGN

Look out for innovative features such as curved basins and touch-open doors.

### SLIMLINE DESIGNS

A choice of slimline options ideal for cloakrooms and smaller bathrooms.

### CERAMIC & POLYMARBLE BASINS

Ceramic won't fade or discolour and will be a great colour match for your toilet. Polymarble ensures a crisp, super smooth finish and is incredibly durable.

### YOUR WAY

Choose either complete units with cabinets and basins, or create your own look buying each component part separately.

**MADE IN BRITAIN**

For full technical details please visit [hudsonreed.co.uk](https://hudsonreed.co.uk)

MODULAR:  
**URBAN**

URBAN INCORPORATES THE LATEST HANDLE-LESS DESIGN, CREATED IN ITALY AND NOW HIGHLY POPULAR IN THE UK. THE SIMPLE COLOUR PALETTE IS ON TREND, WITH A CHOICE OF SATIN WHITE, GREY OR BLUE.

CHOICE

Decide between three satin colours, and complement your Vanity Units with one of four Ceramic Basin designs, or a Worktop and Vessel.

All colours have a satin finish

MODULAR:  
URBAN

ALTHOUGH MINIMAL IN DESIGN, THE URBAN COLLECTION HAS A WEALTH OF SIZE AND DESIGN OPTIONS TO CHOOSE FROM, WHICH MEANS CREATING YOUR DREAM BATHROOM WILL BE AS SIMPLE AS THE URBAN DESIGN ITSELF.

# FITTED SPACES

OUR LUXURIOUS FITTED BATHROOMS ARE IDEALLY SUITED TO LARGER SPACES. WE CAREFULLY BALANCE CHOICE AND FLEXIBILITY WITH AESTHETICS AND STORAGE TO HELP YOU CREATE AN EXTRAORDINARY SUITE.

## FLEXIBILITY

Choose as many or as few units as you like to create a seamless look and maximise storage space.

## CHOICE

Choose from a selection of Ceramic and Polymarble basin designs, and complete the look from our selection of worktops.

## AVAILABLE COLOURS

Our wide palette of colours reflects the very latest in tonal trends as well as traditional favourites.

Gloss  
White

# TAPS & SHOWERS

## BRASSWARE

DISCOVER PRECISION CONTROL WITH OUR INTUITIVE RANGE OF TAPS, SHOWER VALVES AND CO-ORDINATING ACCESSORIES.

### DESIGN FLEXIBILITY

Our Brassware collections incorporate the latest design trends, including contemporary round, square, industrial, and minimalist crosshead and lever designs.

### CO-ORDINATION

All our tap collections are beautifully complemented by a comprehensive range of shower valves, shower heads, arms, kits and accessories, making life simple for you.

### CERAMIC DISCS

All our taps feature Ceramic Disc technology for smooth and consistent operation.

## VALQUEST

We are the proud owners of the patented Valquest showers — the power behind our stunning valves, that perform to the highest industry standards.

Look out for the VQ number next to each associated product.

# CHOOSING YOUR PERFECT SHOWER

VALQUEST

Safety  
Anti Scald

THERE ARE LOTS OF REASONS TO CHOOSE A HUDSON REED THERMOSTATIC SHOWER: SAFETY, CONTEMPORARY DESIGN, CO-ORDINATING TAPS AND MARKET-LEADING GUARANTEES. EVEN BETTER, OUR SHOWER VALVES ARE ALSO GREAT FOR YOUR INSTALLER, MEANING LESS TIME AND THEREFORE LESS COST TO YOU.

### HUDSON REED SHOWER BENEFITS

#### Installation Made Easy

A selection of our Thermostatic Shower Valves contain the patented Valquest cartridge, which makes them easy to install and maintain.

- The cartridge is fully reversible, meaning if hot and cold supplies are the wrong way round, it doesn't need re-plumbing. Simply remove the cartridge, turn 180° and replace.
- The patented cartridge is highly resistant to calcium build-up, even in hard water areas.

#### Safety For All The Family

- Full thermal protection to prevent scalding even in the event of hot or cold water failure.
- Thermostatic control to +/- 2 degrees, even if the temperature or incoming pressures fluctuate.

#### Made in Britain

Our shower valves are manufactured in Bolton by a dedicated team, and we are proud to be members of the Made in Britain scheme.

#### Reliability

- Accurate flow control.
- Excellent flow rates – even at low pressure. Hudson Reed showers can deliver 5.5 litres of water per minute at 0.1 bar pressure.

### SHOWER SYSTEMS EXPLAINED

#### Gravity-Fed System Low Pressure

If you have a cold water tank in your loft and hot water cylinder then you have a gravity fed system.

Suitable for all LP1 and LP2 combinations. For all our MP and HP combinations, you may need to use a suitable shower pump to give the required pressure for optimum performance.

#### Mains System High Pressure

If you have a combination boiler or instantaneous gas water heater (multipoint heater) then you have a high pressure mains system.

Suitable for all of our shower systems.

#### Unvented System High Pressure

If your hot water is stored under pressure in a cylinder you have a high pressure unvented system.

Suitable for all of our shower systems.

#### Shower Pumps High Pressure

The valves are also suitable, without modification, for all types of installation, including pumped, gravity systems, mains pressure and combination boilers.

There are many choices of shower pumps, including positive or negative head pumps - please ask your installer to confirm which will be suitable for your specific installation.

### GUIDES

#### Push Button Shower Valve Flow Rates (litres per minute)

Bar		1	2	3	4	5
1 Outlet Model	1 Outlet	11.1	16.1	19.7	22.8	25.2
2 Outlet Model	1 Outlet	8.9	13.6	16.7	19.4	21.7
	2 Outlet Combined	12.4	19.7	24.9	29.0	32.6
3 Outlet Model	1 Outlet	8.1	12.6	15.6	18.0	20.2
	2 Outlet Combined	12.0	19.5	24.5	28.5	32.0
	3 Outlet Combined	13.8	21.8	28.0	32.9	37.0

These figures are taken through open valve conditions. Flow rates will vary upon site conditions.

#### Water Pressure

Bar		Bar	
LP1	0.1 Bar Suggested	HP1	1.0 Bar Suggested
LP2	0.2 Bar Suggested	HP2	2.0 Bar Suggested
MP	0.5 Bar Suggested

All our radiators have been designed to provide a comfortable level of warmth needed for everyday indoor use, as well as being manufactured to conform to BS EN 442-1:2014, and all current European standards.

Our heating products have all been independently tested and we are delighted to present our collection of fully certified CE products that conform to all applicable standardized regulations.

DESIGNER RADIATOR  
AND HEATED TOWEL RAIL FAQs

How much heat will I need?

All rooms are individual and therefore the heat output required from your selected radiator will vary. It is important that you choose the correct radiator to ensure that enough heat is generated to keep you comfortable. A sensible tip is to always choose a model with a higher heat output than you require, as this can always be controlled by turning them down.

What is the measurement for heat output?

All our radiators carry the heat output measured in either:

- BTUs (British Thermal Unit) or
- Watts

BTUs are shown with water temperature of 80°C at radiator inlet.

What heat output will I need for my room?

It is highly recommended that your installer calculates the BTU requirement for each applicable room, so you can get the maximum heat benefit from your chosen radiator. We strongly suggest this is done before purchasing your radiator.

What radiator designs offer the best heat output?

Basically, the bigger surface area that a radiator has, the more heat output will be generated. Another general guide is that painted finishes offer a slightly better heat output than chrome-finished items. To optimize the space you have available, we offer radiator designs that can be fitted horizontally or vertically. To get additional heat output from the same area, you can also choose options that include multiple rows of tubes, panels and columns.

Radiator colour options

From stock, we offer the most current fashionable colour options across a wide range of products.

Please note that owing to the printing process, the actual colours on the radiators may vary slightly from those shown in our brochure.

Pipe centres

All our dimensional details are published in our current brochure and on our website. However, owing to manufacturing tolerances, we strongly suggest that your final pipework position is not completed until you actually receive delivery of your radiator.

Electric-only radiators

Where your installation location does not have immediate access to an existing water supply, we can offer purpose-made electric-only products for a quick and easy solution to your heating needs. These electric-only products are supplied pre-filled with an electrical inhibitor solution, and fitted with a compatible heating element.

Dual-fuel radiators

Some of our radiators can also work as dual-fuel applications, which means that when your main heating system might be turned off in the summer months, you can still operate your radiators electrically if required. Please consult your plumber before purchasing heating elements.

Radiator valves options

Depending on your choice of radiator, we have several styles to choose from, details of which can be found on the left hand page.

Warning / Precautions

Qualified persons should make all electrical and plumbing connections. When fitting radiators with heating elements, the radiator must always be mounted with the element at the bottom with the radiator in the upright position. Failure to do so may result in a fire hazard.

# TAPS & SHOWERS

PERFECT FOR PERIOD STYLE BATHROOMS, OUR TRADITIONAL BRASSWARE OFFERS BOTH DECADENCE AND SOPHISTICATION.

## DESIGN

We've blended traditional luxury with modern technology, to offer a multitude of product options and design variations across all our brassware.

## CHOICE

Our high performing range of taps and showers are available in lever and cross head styles, and with the option of black or white finishing touches. This gives you the benefit of complete control when it comes to creating your traditional bathroom.
